

Specification-grade landscape lighting, wet-location luminaire for flood or accent lighting applications.

- Machined 6061-T6 copper-free aluminum. Aluminum components are black anodized, then a polyester powder coat finish is applied.
- Seven standard TGIC powder coat finishes and clear anodized finish available.
- Remote transformer required.
- Stainless steel hardware.
- 2ft. 18/2 LV wire leads.
- 60° angled lens cap for glare control holds 3 lens accessories.
- Clear tempered glass lens, glued in.
- High-temperature silicone O-ring seal used to seal the cap against the body.
- Molded silicone wire pass-thru attached to socket wire prevents wicking and water leaking into the lamp compartment.
- Listed for wet location use.
- Warranty: 10 Years.
