Our locking nut can be added for easy and positive locking . . . no tools required.

Holes are provided so zip ties can be utilized for strain relief and clean handling of wire.

Additional hole is provided so that luminaire and tree bracket assembly can be easily raised with a carabiner.

METALS:

304 Stainless Steel

DESIGN APPLICATION:

This tree mount bracket is designed to simplify mounting of fixtures in trees. This sturdy stainless steel bracket will not attract insect nesting like enclosed mounts. Nor will it collect water that will drain into the light fixture attached.

The stainless steel hanger bolts are black oxide coated so they do not reflect. They are available in 3", 4" or 5" lengths. In addition, you can specify that a driver bit be included to install the hanger bolts with a drill gun. Driver is specified in the catalog number.

ORDERING LOGIC:

Model:	MT - 10	
Style:	T - 1/2" NPS threaded S - 7/8" Slip fit	
Hanger Bolt:	3 - 3 inch 4 - 4 inch	5 - 5 inch
