Finish:	BK - Black BZ - Bronze WT - White BG - Beige	BKT - Black Texture BZT - Bronze Texture SL - Silver AC - Aged Copper

ORDERING EXAMPLE: MT - 40 - A - 6 - 9 - BZ

DESIGN FEATURES:

Design features of our Model MT-40 Adjustable Above Ground Mount offer improved performance when compared to the competition.

Our Delrin® bushing is 'T' shaped to prevent it from 'punching through' when the riser stem is adjusted and provides positive locking.

The ground spike is 3/16" thick laser cut stainless steel without welds that can break. It's available in 6" or 10" spike lengths for various soil compositions.
